What is a young persons immigration service

The employees of the JMD offer support to young immigrants who search for identity, orientation and long-term future plans for their lives in a new society.

Who can use this service?

- Newly immigrated young persons and young adults, who do not have to attend school full time any more.
- Children, young persons and young adults in the age group from 12-27 years old, who have an immigration background
- Employees of offices, schools, institutions, parishes, associations, companies etc.

What kind of tasks do we cover?

- **Comprehensive integration support**
Counselling, Individual accompaniment in all questions of integration, development and preparation of individual integration plans, case management, for example
 - career planning
 - securing income
 - personal matters, etc.

- **Accompaniment in the process of integration**
Putting development plans into action, demand orientated and suitable placements, for instance in language courses, career preparation, training etc.
- **Initiation and management of additional integration propositions**
 - development programs off-the-school training
 - creation of chances for intercultural encounter, etc.
- **Imparting to other services, institutions**
 - Integration courses, children- and youth support, special services, etc.
- **Modular structured educational offers, project orientated work and group working**
 - orientation and support in educational and training systems
 - introducing information technology (IT)
 - additional career preparing workshops (application training, personality training)
 - promoting German with reference to the individual line of occupation
 - parents' work, etc.

- **Initiation and accompaniment of intercultural openness**
of services and institutions in social fields, educational work and public relations, interest representation, intercultural training, etc.

- **Network and social-space work**
 - involvement in the creation of regional integration concepts
 - promotion of work on a volunteer basis
 - setting up and maintenance of support systems, etc.

The **JMD Jugendwerkstatt Regensburg e. V.** is a place to go in all questions of integration, career integration, qualification and advancement.

- **Counselling**
- **Career preparation**
- **Education**
- **Vocational training**
- **Occupation**

In cooperation with the agency for work:

- accompaniment, counselling, placements in vocational and school development programs
- planning of careers
- support in searching for work and training
- placements in educational and job creation schemes
